Kyle

Please consider this an official request for a photo pass at the XL Center on February 21, 2009 for UConn Men's basketball against South Florida at 2 p.m. I am fine with shooting from the South Florida side of the court.

As you know, I have been covering UConn athletics for several years for both my website and The Hartford News. When I went to write a post about

UConn hoops today for the40yearplan.com, I realized that my file photos of current players have dwindled, and I need to replenish my library.

Thank you in advance for your time and cooperation, and please don't hesitate to contact me if you have any questions.

Peace,
Ken Krayeske
